Why is The Future of Rotary in Your Hands?

“As I look around this room, I see before me the future: the future of Rotary, and the future of 33,000 communities in nearly every corner of the earth. I see the future, and I see the hope for a better world,” stated RIPE John Kenny to the DGE’s at the International Assembly.

“If Rotary is to be relevant in the 21st century, it must tackle the real problems of water, health and hunger and literacy. It must also strive for continuity and proclaim the core values of Rotary: service, fellowship, diversity, integrity and leadership. Whether Rotary will thrive or falter, whether our service will mean much to many or little to few, whether Rotary is known with respect or seen as a relic of days gone by—all this is up to you.” In every community, there is work to be done. As Rotarians, we will not stand idly by.

We will accept our responsibility. We can, and we must. “The Future of Rotary is in Your Hands!”
